A Current Bibliography of Canadian Church History

Note: Within each section works are set out in alphabetical order under the name of the author. It will be noted, however, that in sections 5, 6 and 8 the literature is first arranged alphabetically under the name of the subject, whether a communion, place or person. Items are not repeated from section, but at the beginning of each section, after the first, reference is given to relevant items, if any, in earlier sections.
