BARBER, F.J., GRAINGER, E.H., and PELLETIER, B.R., Hudson Bay sea-floor photographs	11	Occurring through geologic time, a sedimentological continuum: a study for students: PELLETIER	35
Bay, Hudson, sea-floor photographs: BARBER	11	One man beach profiles, modified: BRYANT	1
Bay, Miramichi Inner, upper Holocene paleoceanography of: WAGNER	5		
Beach profiles, one man, modified: BRYANT	1	Paleoceanography of Inner Miramichi Bay, upper Holocene: WAGNER	5
BRYANT, E., Modified one man beach profiles	1	PELLETIER, B.R., see BARBER, F.J.	11
		PELLETIER, B.R., A sedimentological continuum occurring through geologic time: a study for students	35
Continuum, sedimentological, a, occurring through geologic time: a study for students: PELLETIER	35		
		Photographs, sea-floor, Hudson Bay: BARBER	11
Exponential decrease in grain size as a geologic continuum, sedimentary anisotropy, progradation, and: PELLETIER	35	Profiles, beach, one man, modified: BRYANT	1
		SCHAFFER, C.T., see WAGNER, F.J.E.	5
Geologic time, a sedimentological continuum occurring through: a study for GRAINGER, E.H., see BARBER, F.J.	11	Sea-floor photographs, Hudson Bay: BARBER	11
Grain size, decrease, exponential in, as a geologic continuum, sedimentary anisotropy, progradation and: PELLETIER	35	Sedimentological continuum, a, occurring through geologic time: a study for students: PELLETIER	35
		Students, a study for: a sedimentological continuum occurring through geologic time: PELLETIER	35
Holocene, upper, paleoceanography of Inner Miramichi Bay: WAGNER	5	Study for students, a: a sedimentological continuum occurring through geologic time: PELLETIER	35
Hudson Bay sea-floor photographs: BARBER, F.J.	11		
		Time, geological, a sedimentological continuum occurring through: a study for students: PELLETIER	35
Inner Miramichi Bay, upper Holocene paleoceanography of: WAGNER	5		
		Upper Holocene paleoceanography of Inner Miramichi Bay: WAGNER	5
Miramichi Bay, Inner, upper Holocene paleoceanography of: WAGNER	5		
Modified one man beach profiles: BRYANT	1	WAGNER, F.J.E., and SCHAFFER, C.T., Upper Holocene Paleocanography of Inner Miramichi Bay	5
