ADDENDUM to Geoscience Canada Volume 16 Number 3 (p. 124)

Figure 3 (a-d) Schematic representation of the structural evolution of the thrust belt during D_{τ} . The figure illustrates the basic geometry, kinematics and deformation-metamorphism relationships associated with the evolution of the thrust belt

(a) Early D₁ Deformation

(b) Basal Shear Zone Deformation

(c) Syn-Thermal Peak Out-of-Sequence Thrusting

(d) Post-Thermal Peak Out-of-Sequence Thrusting
