## EDITOR'S NOTE

With this issue, we have changed the name of the journal from *HSTC Bulletin*, reflecting an acronym that had outlived its usefulness, to *Scizntia Canade.n6i6* which has the advantage of brevity; for those who think the journal now sounds like one devoted to science, please consult your Latin dictionary!

The format changes are being made in two stages: with this number we move to two issues a year with a new binding for easier reading. With the next number, we will introduce word-processed text. For prospective authors who have microcomputers, if your system is Apple-compatible, utilizing 5 1/4" disks, we will be using WordStar software (based on CP/M) and can accept your text directly on disks. This will facilitate any changes before publication. For further information, please contact the editor.
