*Francophonie, ses institutions, sa géographie en passant par sa culture. Cette petite brochure fournit quelques informations pratiques, par exemple les adresses des organismes spécialisés et une bibliographie complète, mais la minceur de certaines définitions limite le potentiel de cet ouvrage à un aide-mémoire plutôt qu'à un ouvrage faisant autorité. Saluons toutefois l'étendue du champ couvert en souhaitant qu'une prochaine édition fournisse plus de substance à l'essentiel, à seule fin de rendre cette mini-encyclopédie tout à fait utile.*
