CANADIAN NOTES AND QUERIES
QUESTIONS ET RÉPONSES CANADIENNES
SINCE 1968

Canadian Notes and Queries is a periodical intended to assist in the exchange of information among scholars engaged in studies relating to Canada. "Notes" are those little discoveries encountered in the course of research which are of significant interest, but which, for lack of time or other reasons, an author may not wish to develop into a full journal article. "Queries" are questions or problems which a scholar cannot solve by himself and concerning which he invites the assistance of other scholars and specialists. "Replies" are responses to queries and should be authenticated by sources wherever possible. Subscriptions are free and all enquiries should be directed to:
