**Figure 10.** Accomplishing GEO's mission: turned on to Earth science!

dedicated volunteers (many are retired professionals), without whom the breadth and diversity of the GEO program would not be possible. Also, part-time interpreters, many of whom are MUN undergraduates, lead tours and help with classes. Indeed, it is the synergy between staff, volunteers, interpreters and visitors that makes the magnificence of Earth history, as depicted at the Johnson GEO CENTRE, come alive. Ward Neale would be proud! And so will you be when you drop by for a visit the next time you are in St. John's, Newfoundland.

#### **ACKNOWLEDGEMENTS**

My colleague and fellow Johnson GEO CENTRE Board member, Professor Jeremy Hall of Memorial University, kindly reviewed the paper and made helpful suggestions for improvement. The GEO CENTRE's Supervisor of Public Programs and Exhibits (and former Supervisor of Education Programs), Mr. Keith Moore, provided information on GEO's education programs, and made available the selection of GEO photos used in the article. And Dr. Paul Johnson is thanked for inviting the author to join the Board of the GEO CENTRE in 2001; it has been a truly rewarding experience.
