Preface/Préface

This is the fifth annual bibliography to appear in the October issue of the Urban History Review. It was originally organized to follow the format of Canada’s Urban Past: A Bibliography to 1980 and Guide to Canadian Urban Studies by Alan F.J. Artibise and Gilbert A. Stelter (Vancouver: University of British Columbia Press, 1981).

Canadian periodicals, bibliographies and indexes are searched systematically for items of potential interest to Canadian urban history. However, we still need help from our readers, particularly with theses, but also with reports and discussion papers, local history items and articles and books on Canadian urban subjects which are published outside Canada. References for inclusion in the 1986 bibliography may be submitted to the Bibliography Editor until May 31, 1986.

We thank the following individuals for contributing references to the 1985 bibliography: Alan Artibise, Gerald Bloomfield, Geoffrey Egan, Madeleine Forget, Wendy Fraser, Richard Harris, David Mattison, Peter McGahan, Murray Nicolson, Gilbert Stelter, John Taylor, T.J. Tronrud, and John Weaver.

Thanks are also due to those who responded to our appeals for details of theses, research reports, house publications:

Les périodiques canadiens, les bibliographies et les indexes sont dépouillés systématiquement à la recherche de publications présentant un intérêt pour l’histoire urbaine canadienne. Cependant, nous souhaitons que nos lecteurs continuent de nous transmettre de précieuses informations, notamment sur les mémoires et les thèses, mais aussi sur les documents de travail, les rapports, les débats, les textes d’histoire locale et les articles ou les livres traitant de questions urbaines canadiennes publiés à l’extérieur du Canada. Toutes les références pour la bibliographie de 1986 doivent parvenir à la responsable avant le 31 mai 1986.

Anne Alexander (Centre for Newfoundland Studies, Memorial University); F.H. Armstrong (History, Western Ontario); Helen Bingeman (Geography, Wilfrid Laurier); J. William Brennan (History, Regina); Dennis Capozza (Commerce and Business Administration, British Columbia); L.J. Evenden (Geography, Simon Fraser); Florence Gore (School of Urban and Regional Planning, Queen’s University); Leonard Guelke (Geography, Waterloo); Pierre S. Guertin (Architecture, Laval); INRS-Urbanisation (Montreal); R.G. Ironside (Geography, Alberta); Elwood Jones (History, Trent); L.D. McCann (Geography, Mount Allison); J.H. McCaughey (Geography, Queen’s); Linda Norton (Environments, Waterloo); Bernard Robert (History, Montreal); Mark Sproule-Jones (Political Science, McMaster); T.H.E. Travers (History, Calgary); Vance Bibliographies (Monticello, Illinois); M.W. Westmacott (Political Science, Western Ontario); Carol Yopp (Sociology, Calgary).

For the first time, computer methods have been used in compiling the 1984 bibliography. As well as saving some tedious labour in filing, sorting and cross-referencing the items, the change also permits references to be stored permanently in the computer record and may be retrieved for other purposes. We acknowledge the help of Becky Morrison and Peter McCaskell in setting up and testing procedures.

Organization of the Bibliography

The 1985 Bibliography has General and Regional divisions, each subdivided into sections which differ marginally from those of past bibliographies. In each province, census metropolitan areas and census agglomerations with core cities of at least 50,000 people are all distinguished. Small urban centres are grouped under the heading “Other Urban Centres,” with references ordered alphabetically by name of place.

Nous avons aussi apprécié la collaboration de Anne Alexander (Centre for Newfoundland Studies, Memorial University); F.H. Armstrong (History, Western Ontario); Helen Bingeman (Geography, Wilfrid Laurier); J. William Brennan (History, Regina); Dennis Capozza (Commerce and Business Administration, British Columbia); L.J. Evenden (Geography, Simon Fraser); Florence Gore (School of Urban and Regional Planning, Queen’s University); Leonard Guelke (Geography, Waterloo); Pierre S. Guertin (Architecture, Laval); INRS-Urbanisation (Montreal); R.G. Ironside (Geography, Alberta); Elwood Jones (History, Trent); L.D. McCann (Geography, Mount Allison); J.H. McCaughey (Geography, Queen’s); Linda Norton (Environments, Waterloo); Bernard Robert (History, Montreal); Mark Sproule-Jones (Political Science, McMaster); T.H.E. Travers (History, Calgary); Vance Bibliographies (Monticello, Illinois); M.W. Westmacott (Political Science, Western Ontario); Carol Yopp (Sociology, Calgary) pour la vérification des références au sujet des mémoires et des thèses.

Pour la première fois, la bibliographie de 1984 a été compilée grâce à l’informatique. Ce changement permet non seulement de stocker les références de façon permanente dans l’ordinateur, mais aussi de les réutiliser à volonté, tout en facilitant le fastidieux travail de classement. Nous tenons à souligner l’apport de Becky Morrison et de Peter McCaskell qui ont établi et vérifié le programme.
